## General information for guests

### Preface

Dear Dolder Sports facilities users

When creating the safety concept for the Dolder Sports facilities, we tried to ensure that we were implementing as many safety measures as necessary, but also as few as possible. We want to provide a place where you can move around freely and relax.

Here are the most important points from the safety concept:

- **Anyone with illness symptoms must not enter the sports facilities.**
- **Everyone must comply with the recommendations of the Federal Office of Public Health (FOPH).**
- **You must observe the safety measures: keep your distance from others when in the water and on dry land; masks are compulsory for people aged 12 when indoors (in sanitary facilities and cloakrooms) and whenever it is not possible to maintain distance to other people.**
- **The rules for the catering industry apply to the restaurant.**

We kindly ask that you carefully read through the safety concept before visiting or working in the Dolder Sports facilities, and that you observe the general rules of behaviour and hygiene rules laid out by the Federal Office of Public Health during your stay.

Rules can vary from canton to canton.

## **Risk assessment**

### Risk assessment

The Dolder Bad has a total surface area of 18,000 square metres. With an average visitor frequency of 40,000 guests per season, we can assume that the available area will provide sufficient capacity, even at peak times. This allows us to guarantee compliance with the prescribed 4 square metres of space per person in public bathing facilities without limiting the duration of our guests' stays. The following areas of the Dolder Sports facilities are associated with higher risk:

#### Parking lot

- Parking ticket machines

#### Main entrance

- Entrance and exit
- Ticket office

#### Pool

- Communal changing rooms
- Showers and WCs
- Swimming pool and non-swimmers pool (entrance and exit area)
- Diving board
- Playground

#### Restaurant

- Checkout
- Self-service counter
- Guest area

#### Minigolf

- Course

The higher-risk areas listed above will be discussed individually in this safety concept.

## **Triage**

### Symptoms

If a person using the Dolder Sports facilities exhibits any illness symptoms, the supervisory staff is authorised to eject this person from the facilities if they are unable to present the staff with a medical certificate.

## **Cleaning**

The staff organises the cleaning of the sports facilities in accordance with government guidelines.

## Responsibilities and implementation

### **Dolder Sports**

The operator is responsible for the successful implementation of the safety concept. The operator is authorised to issue instructions to visitors to the facilities and will actively monitor the situation to ensure compliance with the rules. If the behaviour of one or more visitors poses a health risk, the operator has the right to eject the persons in question from the facilities.

### **Persons using the facilities**

Persons using the facilities are personally responsible for ensuring that they comply with the general safety and hygiene rules laid out by the Federal Office of Public Health as well as the rules of behaviour from the safety concept for the Dolder Sports facilities.

### **Implementation**

This safety concept was created by the management of the Dolder Sports facilities on Friday, 25 June 2021, and went into effect on Saturday, 26 June 2021. Should you have any questions or suggestions, please contact us by e-mail at [info@doldersports.com](mailto:info@doldersports.com) or by phone on +41 44 267 70 80.
