

## Winter safety concept for the Dolder Sports Restaurant

### **Masks to be worn**

Masks must be worn by persons aged 12 and over in all inside areas and sanitary facilities of the Dolder Sports Restaurant. Holders of a COVID-19 certificate must also wear a mask. Masks may only be removed at the table when dining.

### **Certificate**

All guests aged 16 and over who wish to dine inside the Dolder Sports restaurant must present a 2g (vaccinated or recovered) COVID-19 certificate. This will be checked at the cash desk of the self-service restaurant or directly at the guest's table by a staff member of the Dolder Sports Restaurant.

The certificate must be presented for inspection via the app or printed out. It must display a valid QR code which the staff member of the Dolder Sports Restaurant can scan with the COVID-19 scan app.

An official ID card with photo must also be presented for inspection.

Once all persons aged 16 and over at a table are checked, they are given a wooden display on which the number of checked certificates is visible. The wooden display with the number of checked certificates must be placed on the table where it is visible to let the staff responsible know that the guests at the table have been checked. The wooden display must be returned to the cashier on leaving the table.

### **Implementation**

This safety concept was drafted by the restaurant management on 20 December 2021. It is based on the Dolder Sports winter safety concept and is continuously adapted to current developments.

Thank you for your cooperation.

The Dolder Sports team
